Why a new piano at Oxford High School?

Our newly built public high school has a magnificent new theater, with a seating capacity of well over 600 seats!

Full stage rigging, orchestral clouds, lights and sound — but no concert piano!

Professional artists such as Livingston Taylor and Ronan Tynan have graced the stage thus far, as well as our very talented student body at Oxford High School. Our students at Oxford High School and the Oxford Community at large will benefit tremendously with this purchase. Help us keep the arts alive at Oxford High School !

Thank you for your enduring support of the arts in the Oxford Public Schools.

Arts, Education for Life.
